

Mountain Garden Club

Year in Review 2017-2018

Mission Statement:

“The Mountain Garden Club is dedicated to promoting horticultural **education**, civic **beautification**, and **conservation** through volunteerism and friendship in the Mount Washington Valley.”

The following is a pictorial history of our past year.

Hope you enjoy it!

A Rain Garden

Making a beautiful difference for Children Unintended

What is a Rain Garden?

A rain garden is a shallow depression in the yard that captures rain water from roofs, driveways, and lawns. The water soaks into the ground, filtering out pollutants and recharging the aquifer. Rain gardens are a beautiful and effective way to reduce runoff and improve water quality. They also provide a habitat for butterflies and other wildlife.

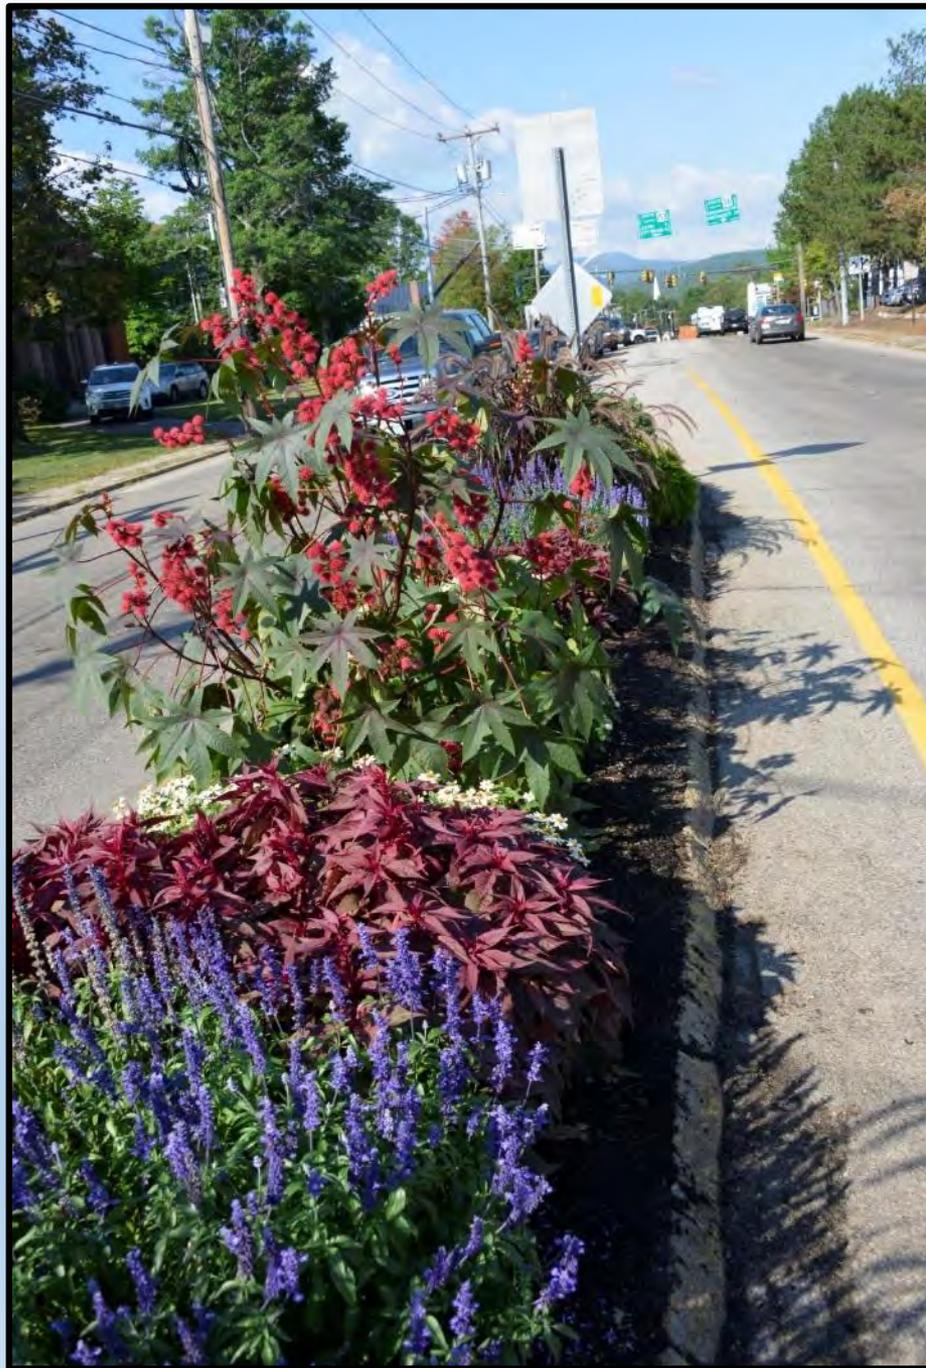

This rain garden was constructed by the University of Tennessee Extension Center for the purpose of demonstrating the benefits of rain gardens. The garden is a beautiful and effective way to reduce runoff and improve water quality. It also provides a habitat for butterflies and other wildlife.

Garden named for DD Warren

The Mountain Garden Club received a grant to install a summer annuals garden, and the first recipient of this Wow Garden was the New England Ski Museum. The garden is being named for dedicated garden club member DD Warren. From left: Janice Andrews, DD Warren, Deborah Holmes, Ginny Kanzler and Brian Fowler, director of the Eastern Slope branch of the New England Ski Museum. (COURTESY PHOTO)
